

# Arc Stud Welding

## COMPACT DRAWN ARC STUD WELD TOOL

### FEATURES AND BENEFITS

**Precision-engineered for convenient setup and optimum performance**

**Lightweight, ergonomic design minimizes operator fatigue**

**Heat settings adjust fast and easily — without additional tools — simplifying operation for novice and experienced users**

**Provides immediate visual feedback on heat settings, eliminating operator guesswork**

**Stainless steel internal components provide long life and accuracy**

Image's 3/8 " compact drawn arc stud welding tool is precision-engineered for quick setup and optimum performance. Ergonomically designed, it offers "fit-like-a-glove" comfort, promotes efficient welding, and increases productivity while reducing operator fatigue. Compact and lightweight (less than 2 lbs.), the tool can be used even in the tightest weld areas, and users can make adjustments easily and conveniently — on the fly — without additional tools.

This tool is ideal for jobs where operator fatigue can play a significant factor in productivity. This tool has gotten rave reviews from operators that wield the typical 8 pound weld tool.

Though this tool is light weight it has been designed to be rugged. The body is molded with high durability polymer plastic. The internal components are precision machined stainless steel to ensure accuracy and longevity. This tool features a rear adjustment that works like a power drill clutch for simplified, quick setting changes. This tool is designed for compatibility with most arc stud welding power supplies.

# COMPACT DRAWN ARC STUD WELD TOOL

## MECHANICAL SPECIFICATIONS

## SPECIFICATIONS

Basic Weight:	1.9 lbs. (0.88 kg) Includes standard legs and foot, plus cable inside the gun
Stud Range Capacity:	14 gauge - 3/8" (3 mm - 10 mm)

## ACCESSORIES

### ■ Standard Chuck Nut Wrench (GRM12)

### Optional

■ Collets	#4 (CLI11)	#10 (CLI19)	3/8" (CLI37)	5 mm (CLIM5)
	#6 (CLI13)	1/4" (CLI25)	2 mm (CLIM2)	6 mm (CLIM6)
	#8 (CLI16)	5/16" (CLI31)	4 mm (CLIM4)	

## WELD CONNECTORS

## CONTROL CONNECTORS

## ORDERING INFORMATION

### AL WELD TOOL PART NUMBERS

Weld Connector	CONTROL CONNECTORS		
	Screw	R&S	Hubble
Cam Lok	GRGAC-09	GRG2C-09	GRG8C-09T
Dinse	GRGAW-09	GRG2W-09	GRG8W-09T

## IMAGINATIVE SOLUTIONS FROM AN INDUSTRY LEADER

This new light weight stud weld tool is the result of imaginative thinking and a commitment to provide our customers with reliable, easy-to-use stud welding equipment. As a technology-driven industry leader in stud welding, Image Industries continues to provide innovative, cost-effective solutions to your fastening challenges. We can provide everything you need — equipment, technical expertise, value-added solutions, and exceptional customer service — all from one company.
